Dear Parent,

The GRASP program is a nine-week correspondence summer program in math and reading. It is designed for children who have completed Kindergarten to 8th grade. Children receive a packet of material containing all 9 lessons for the summer. The lessons are scored, results recorded, and returned to the children.

Children successfully completing (70% accuracy) at least 7 lessons are awarded a certificate, and those successfully completing all 9 lessons receive a medal soon after Labor Day.

To enroll your child(ren) you must complete the attached enrollment form and forward it with the enrollment fee to the address indicated. The fees for the summer of 2008 are \$37 for one subject and \$61 for both subjects for each child. Each child should be placed at the grade just completed in school. If there are extenuating circumstances, order the level that is appropriate for your child.

Materials will be mailed in June.
